

Denver Jeremy Jantjies (Mathematics Teacher)

Interests: Academics (Mathematics; Science; Philosophy; Psychology; Anthropology). Wisdom seeking (meditation; peace of mind; truths of life). Music (all genres). Reading (academic related). Outdoors (explore the nature)

This is what the teacher had to say: *“First and foremost I want to say that I am proud to be teaching at Percy Mdala High School. The school became my second home, and the people I work with, my family. I’m looking forward to continue my journey at Percy Mdala High School. There is so much I still want to do. I have an appreciation for excellence in the subject area of Mathematics. I’m very grateful for the opportunity afforded to me by the school and looking forward to continue rendering my services if given another opportunity. I appreciate everything they did for me in developing my professional state and achieving objectives as a team. Thanks so much to the sponsorship.”*

MISSION STATEMENT: *Our mission is the creation and maintenance of a healthy, happy school where self-discipline, co-operation and the pursuit of excellence pave the road to success.*
